

Pliers and Wrenches

Refrigeration Ratchet Wrenches

For installing or servicing heating, air conditioning or refrigeration units.

5/16" and 3/16" Hex Key Wrench Inserts

1/4" square drive shanks fit Malco RRW3 and RRW4 Ratchet Wrenches

Multi-Track Pliers

Multiple slip joint pliers are ideal for use on conduit, pipe and cable connections.

Facilitates easy ratcheting action for servicing hard to access valves common in air conditioning and refrigeration condensing units. 1-5/8 inches long.

Tongue and groove joints hold jaws securely in selected position and take strain off bolt. Teeth are designed to give maximum grip on any round, square or hex shaped object. Long cushion grip handles give powerful leverage with gentle angled spread for easy one hand operation. Thin design permits access to confined spaces where conventional pipe wrenches won't go. Tempered steel halves offer long dependable service.

Powerful Leverage

Pliers

Electrical Pliers

Up Front Crimping Action

PC9

Insulated and uninsulated terminal and splice crimper with wire cutter up front.

Crimps insulated terminal sizes 12-10 (yellow) and 22-14 (red and blue). Tool also crimps uninsulated terminals 22-10 and 7-8 mm auto ignition terminals. Cuts bolts with perfect rethread and features six wire stripping stations for 22-10 ga. Constructed of induction hardened alloy steel. Pivot joint is made of hardened steel lifetime bushing. Black oxide oil finish with paint markings to highlight crimping functions. Red vinyl grips are comfortable, three pocket air cushion type.

Electrical Pliers

Cutter / Stripper / Crimper

WSC8

Up front scissors action strips copper wire clean and easily cuts sizes 10 thru 20.

Bolt cutters leave a perfect rethread. Plier nose features serrated jaw and slim profile for pulling and putting loops on wire. Crimps all insulated and non-insulated solderless terminals including 7-8 mm auto. Lifetime pivot point assures greater joint strength and adds easy, precise adjustment capability. Black oxide, satin finish steel. Extra large red vinyl cushion grips.

Electrical / Stripper

Combination AWG-Metric

WSC1S

Automatic spring opening increases speed of stripping operation. Convenient lock protects precision cutting surfaces when not in use.

Diagonal Cutter

DC6G

Crimps insulated terminal sizes 12-10 (yellow) and 22-14 (red and blue). Tool also crimps uninsulated terminals 22-10 and 7-8mm auto ignition terminals

Cuts bolts with perfect rethread and features six wire stripping stations for 22-10 ga. Constructed of induction hardened alloy steel. Pivot joint is made of hardened steel lifetime bushing. Black oxide oil finish with paint markings to highlight crimping functions. Red vinyl grips are comfortable, three pocket air cushion type.

New England Style

High Leverage Pliers

LSC9G

High leverage plier is designed for cutting number 8 and other large wires. Forged from high quality alloy steel.

Precision matched cutting edges are induction hardened. Jaw rivet is offset for increased leverage. Built-in insulation crusher. Red vinyl cushion grips.
